4 ADVANTAGES & DISADVANTAGE

ADVANTAGES

- Improved visibility in property portfolios and cataloging of property units, and lease extension.
- Enterprise-level system security and data protection.

DISADVANTAGES

Overly simple user interface that is quickly outgrown by experienced users.

5 APPLICATIONS

Provides a management model. The application takes into consideration the best management practices, which allows it to consolidate the way in which its team of collaborators works and carry out a more complete and detailed management.

6 CONCLUSION

Develop an App for the vehicle Management where Buyer can order his Requirements and get the Appropriate Details of the vehicle.

7 FUTURE SCOPE

As the demand for any salesforce job role is high, the scope for career growth and salary is sky high.
